OUR TEAM

Mark J Tallon, Ph.D ✉
Founder and CSO

Mark holds a first degree with honors in exercise physiology, a Masters degree in nutrition science and a PhD in nutritional biochemistry. Dr. Tallon worked as a key consultant to many companies including Labrada Inc, iSatori Global Laboratories and EAS to name a few. Until recently mark was CSO of Oxygenix Ltd, a consultancy firm specializing in European and Pan-American regulatory compliance of dietary supplements. Dr. Tallon is currently a member of the Institute of Biology and the Nutrition society and through these societies is currently registered as a certified biologist and nutritionist. Other affiliations include Institute of Food Technologists, American Botanical Council, American College of Nutrition, The Physiological Society and the American Medical Writers Association.

James O'Byrne, MBA ✉
Brand Manager

James received his MBA from the University of Leicester and has worked within the dietary supplement industry for over 12 years with some of the most prestigious companies in Europe and North America. These have included GNC Europe (General Nutrition Centers) and Royal Numico where he helped establish European distribution for brands such as EAS, Twinlab and MET-Rx and also with iSatori Technologies in the U.S.A. As an established industry consultant he provides strategic and tactical initiatives for product development, distribution and brand awareness on a global scale. His leadership and brand direction takes a product from conception to consumption in the active nutrition marketplace.

Robert Walker ✉
Market Manager

Robert is one of the sports nutrition industry's driving forces. His energy and enthusiasm have taken him to the top of his profession. Robert has worked for some of the industry giants, spending time with GNC, Twinlab, where he set up and ran the European operation, before moving to New York to run the Global Marketing for Twinlabs Sports Nutrition brands. To his last position as Head of Sports Nutrition brands for NBTY Inc, in which Robert was responsible for the Sales & Marketing of a business of over \$120 Million (MET-Rx, WorldWide Sports Nutrition & Body Fortress).
